Today's Agenda

- Celebrate our progress
- General items
    - New FAQ for CII/CPAR Acceleration Fund
    - Resource Centre demo
- Ask anything

Let's celebrate our progress

Number of Physicians: On a COP and Live on CII/CPAR over time

— ●— COPs Received (cumulative)   — ●— Physicians Live (cumulative)

CII/CPAR Acceleration Grant

What is the CII/CPAR Acceleration Grant?

Increasing the adoption of CII/CPAR is a primary focus of the Alberta Medical Association and Alberta Health. To support this work, a $12 million grant was included in the 2022 physician agreement.

The CII/CPAR Acceleration initiative provides compensation to physicians for their time and the administrative requirements to enrol and participate in CII/CPAR.

The grant is entirely funded by Alberta Health. The $12 million is available on a first-come, first-served basis until the funding limit is reached.

Who is eligible for the CII/CPAR Acceleration Grant funds?

New and existing physicians who are live on CII/CPAR are eligible for CII/CPAR Acceleration grant funds if they meet all of the following criteria:

1. Family physicians, general practitioners or non-family medicine specialists
2. If they have a practice:
   ○ In the community with a conformed EMR (including a Primary Care Network clinic) OR

Have Questions?

For more information about CII/CPAR, please email ciicpar@albertadoctors.org.

For more information about the CII/CPAR Acceleration Grant, view the recording of the CII/CPAR Connect Special Edition meeting, which was held by AMA on April 27, 2023, to provide information about the grant.

CII/CPAR Connect meetings are held regularly for anyone needing support with CII/CPAR. The meetings are hosted by AMA ACTT and aims to support those implementing CII/CPAR by creating a forum to connect and ask questions. Interested? Join one or all of them. Register here.

CII/CPAR

General resources, guides and toolkits about CII/CPAR to help your clinic go-live and maintain CII/CPAR clinic processes.

Electronic Medical Record

Resources for each conformed EMR vendor on how to use CII/CPAR features such as uploading panels, encounters and consult reports.

Privacy

Ensure your clinic has a strong privacy and security program with an up-to-date PIA and an endorsement letter for CII/CPAR participation.

Consults

CII enables your consult reports to be uploaded to Alberta Netcare from your clinic EMR.

Panels

Panel identification and maintenance processes need to be in place to be identified as the primary care provider in Alberta Netcare and receive eNotifications in your EMR about your patients.

Encounters

In Alberta Netcare, the Community Encounter Digest is a snapshot of the care a patient has received from all community-based clinics participating in CII/CPAR.
