\*Qualifications/Certifications: CHIM (Certified Health Info Management), CIAPP-P/C (Canadian Institute of Access and Privacy Professionals - Professional/Certified), CIPM (Certified Info Privacy Manager), CIPP/C (Certified Info Privacy Professional/Canadian), CIP (Certified Info Privacy Technologist), CISM (Certified Info Security Manager), CISSP (Certified Info Systems Security Professional), CPHIMS (Certified Professional in Health Info Management Systems), FIP (Fellow of Info Privacy), HIPAA (Health Insurance, Portability and Accountability Act), N/C-APP (Masters/Chartered-Access and Privacy Professional)

PLEASE NOTE: This list is not endorsed by AMA. It is intended to be a starting point for those looking to hire PIA consultant services. The consultants included here submitted a completed questionnaire that was then vetted based on established criteria. The list will be updated on a quarterly basis. If you have any questions, feedback or would like to be considered for this list, please contact privacy@adocs@albertadoctors.org.

## 9 consultants will offer reduced PIA Rates for CII/CPAR until Sept 30, 2023

For a limited time, clinics with submitted COPs can independently hire select PIA consultants for:

- Minor PIA update - \$249
- Major PIA update - \$499

## The Evolving Alberta Health Information System FAQs

**“Netcare will continue to be the first place health providers consult for patient information in Alberta.**

**Connect Care is an important and expanding source of clinical information, but the majority of patient care happens in the community, and that is Netcare’s future.”**

-Alberta Health, 2023

## Introduction

## Introduction

### What is CII?

Community Information Integration (CII) allows providers to send consult letters to Alberta Netcare and contribute basic patient visit information to the Community Encounter Digest.

This CII Confirmation of Participation form is for community-based specialists that work in fields other than primary care. If you are a family physician or pediatrician, please contact us at [ciicpar@albertadoctors.org](mailto:ciicpar@albertadoctors.org) for steps to sign up.

### Who is eligible to participate in CII?

Specialist physicians are eligible to participate in CII if they are working in a community-based clinic. The criteria to participate in CII are:

1. You must be using one of these electronic medical records in your clinic:
  - a. Accuro
  - b. Healthquest
  - c. Med Access
  - d. PS Suite
  - e. Wolf
2. Your clinic must be willing to or have implemented Alberta Netcare.
3. Your practice needs a privacy impact assessment that reflects the current clinic environment.

### Signing up for CII

The first step to signing up for CII is completing this Confirmation of Participation form. It should be completed by someone who has the authority to submit forms on behalf of the clinic.

# Check this out!

# EMR Updates - Wolf

- Clinics migrating to any new EMR within 3 months will be encouraged to wait to implement CII/CPAR
- Confirmation of Participation forms will **NOT** be accepted after September 1, 2023
- During September, eHealth will review all in-progress Wolf implementation to decide if they continue
- Provider changes until December 2023

# EMR Updates - CHR

- Data still flowing to the test environment
- New documents available:

The screenshot shows a search results page with the following elements:

- Page Header:** Home > Resources Centre > Search Results
- Search Bar:** Filter | Search Everything | CHR | Search
- Filter Search Results:** 10 articles found.
