

UNINSURED SERVICES

The Alberta Health Care Insurance Plan pays for many of the services you receive from your doctor.

The following *uninsured services* are **NOT** covered by the AHCIP:

- Transfer of medical records
- Telephone prescription renewals
- Travel advice and immunizations
- Some de-insured procedures (e.g., circumcision, wart removal)
- Forms, reports or letters*

Patients must be informed of the fee *before* the uninsured service is provided. Payment is expected when you receive the service.

For more information on uninsured services, please visit the Alberta Health website:
www.health.alberta.ca/AHCIP/what-is-not-covered.html

**You or a third party – such as an employer, insurance company, lawyer or school – may request your physician to complete a form, report, letter, etc. Provision of these types of uninsured services requires the time, expertise (and office materials) of your doctor and her/his staff. In some cases, a physical examination may also be required. You (or the third party) will be charged a fee to cover these costs.*
